Credentials:

- Trade Certificate - Aircraft Ground Engineering.
- Certificate IV in Workplace Training and Assessment
- Certificate IV in Small Business Management.
- QMS Lead Auditor.

Experience:

Alan joined Equal Assurance in mid 2008 to provide a range of audit services to clients. Key focus areas include independent external and certification audits in quality management systems.

For the last 15 years Alan has focussed on providing auditing, training and consulting services, including provision of gap analysis, for a range of civilian and military establishments. Whilst he is currently employed by Milspec Services as Quality Manager on a part time basis his contract allows the flexibility to work on specific contracts. A part of this is the auditing of aircraft companies for conformity assessment bodies such as Equal Assurance. Alan has worked with both the Civil Aviation and Safety Authority (CASA) and Australian Defence regulatory structures.

Over the last 8 years his role as auditor/consultant/trainer has gradually moved in the direction of providing regulatory and contract oversight for defence and civil aircraft related organisations. This has included detailed analysis of regulation flowdown requirements from defence regulations to contracts, establishment and re-engineering of contractors systems and control of sub-contracted processes.
